### Install HSNet on your Smart Phone or Tablet: Search for Services On the Go

The HSNet service directory has a brand new responsive web design, meaning that it can detect when you are using HSNet on a mobile phone or tablet and displays a version of the site optimised for your device.

To use this new feature simply open your preferred browser (Safari, Chrome or Internet Explorer) and type [www.hsnet.nsw.gov.au](http://www.hsnet.nsw.gov.au) into the address bar.

The mobile optimised version of HSNet will be launched automatically, where you can save it to your home screen for easy access next time you are looking for a service.

Each phone or tablet provider will have its own method for adding to the home screen.

Here are some of the most common:

<p><b>Safari on Apple iPhone or iPad:</b></p> <ol style="list-style-type: none"> <li>1. Tap on the share button – located at the bottom of the screen, a square with an arrow pointing up or to the right.</li> <li>2. Tap 'Add to Home Screen'</li> <li>3. Tap Add (top right hand corner)</li> </ol>	
<p><b>Default browser on Android:</b></p> <ol style="list-style-type: none"> <li>1. Tap 'Save to bookmarks' in the menu.</li> <li>2. In the 'Add to' dropdown select 'Home Screen'</li> <li>3. Save the bookmark</li> </ol>
