ABi is looking for experienced Speech Pathologists to join our transdisciplinary team. The role is based in the Sydney Metropolitan area. Full/Part time roles will be considered.

Are you passionate about working with children with disabilities and their families?

Are you a proactive person with a strong focus on achieving positive outcomes for children with additional needs and their families? If you also want to be a part of a growing not-for-profit organisation then this could be your next role.

ABi is a specialist disability provider delivering behaviour support and allied health services for children and young people with disability and their families. Our behaviour support and early intervention programs are evidence based and utilise the principles of Applied Behaviour Analysis (ABA) which is delivered within a flexible, family focused model. We have been experiencing significant growth and seek knowledgeable and experienced professionals to join our transdisciplinary team.

We currently have positions available that are based in the Western Sydney and Inner West areas. You will be working in a team environment alongside other Speech Pathologists, Occupational Therapists, Psychologists, Behaviour Specialists, Special Educators and Board Certified Behaviour Analysts.

Applicants can expect:

- Training, supervision and ongoing professional development.
- Specific training in behaviour support.
- To be part of a passionate and dedicated transdisciplinary team.
- To be part of an organisation that prides itself on high quality service delivery and evidence based practices.
- The opportunity to make a real difference in the lives of families facing the challenges of autism and other related disorders.

Core Responsibilities:

- Engage in direct therapy with children and their families.
- Deliver speech therapy programs.
- Deliver programs that also include early intervention, behaviour support and skill acquisitions.
- Undertake comprehensive speech assessments.
- Independently develop individualised program plans.
- Implement behaviour support plans and related strategies.
- Promote family involvement through individual and parent training.
- Work across clinic, home, community, pre-school and school environments.
- Deliver training topics to families, carers and professionals.
**Essential Job Requirements:**

- Be eligible and willing to maintain registration with Speech Pathology Australia (SPA).
- Have experience with Augmentative and Alternative Communication (Picture Exchange Communication, Language Acquisition through Motor Planning, Proloquo2go, Key word sign or DynaVox).
- Excellent communication skills and the ability to work effectively with people from a range of cultural and linguistic backgrounds.
- Effective written and verbal communication skills including highly quality report writing skills.
- Excellent self-motivation and proven autonomous working skills.
- A current drivers licence and own car.
- Must be willing to travel throughout the Sydney area.

**Desirable but not essential:**

- Experience in working with children with disabilities.
- An interest in learning how to deliver behaviour support programs.
- Knowledge in Applied Behaviour Analysis (ABA).
- Experience with feeding programs.
- Experience with conducting swallowing and oral motor assessments.

ABi is also recruiting experienced behaviour specialists please contact our Receptionist on the number listed below for more details.

**Successful applicants will be required to undergo Working with Children Background checks.**

**For more information contact Emily Attkins on (02) 9569 7700 or via email:**
